Subject: Weekly Report of Federal Facilities & Site Cleanup Branch/Immediate Office for the Week of 11/11/2016

Highlights of Past Week

Hunters Point Naval Shipyard: San Francisco Mayor Edwin Lee and Supervisor Malia Cohen invited the Navy, EPA, and the State Department of Toxic Substances Control to meet November 3 regarding the Navy contractor Tetra Tech falsification of radiological test results. The Navy shared its plan to hire a 3rd party independent contractor to develop a workplan to scan and collect samples at potentially affected portions of the Shipyard in the next 10-16 months. The Mayor and Supervisor were concerned about health impacts and about delay of property transfer for redevelopment. The agencies confirmed no likely immediate health risk and committed to give the matter high priority effort. The Mayor has set up several monthly leadership meetings to track progress. Congresswoman Pelosi's Chief of Staff joined by phone. He stated that Hunters Point will get an extra \$7 million to work on cleanup in this year's budget.
